

Introduction

Aperti™ is an all-in-one educational platform conceived and built by **Youssef Tarek**, a 15-year-old IG student at NQIS. It unifies every essential tool a teacher or student needs — lessons, attendance, grading, live classes, content creation, analytics, and parent communication — into a single, beautifully designed operating system.

The interface follows a principle called **Liquid Flow™**: clean, calm, and responsive, with a minimal palette of black, white, greys, and a soft teal accent. Every interaction is smooth and professional, removing all unnecessary noise so that teaching and learning can flourish.

Teacher-Facing Modules

Core Hub™ — The administrative centre. Manage users, courses, subscriptions, revenue, and platform settings from one dashboard.

PlanGrid™ — A powerful timetable builder supporting online, centre, and hybrid lessons with recurring patterns and subject grouping.

CheckIn™ — Attendance taken in seconds via QR code, student passcode, or link. Includes anti-fraud checks and automatic absence logging.

SubmitFlow™ — A complete homework pipeline. Students submit work (PDF, PNG, JPEG); the system scans handwriting, diagrams, and equations, then suggests a grade based on your mark scheme. Teachers may review every submission or enable auto-approval for correct answers.

GradeFlow™ — The grading engine that applies step-wise marking, partial marks, and detects misconceptions.

SchemeCraft™ — A mark scheme builder that drives consistent, rubric-based grading across all assessments.

Query Vault™ — A teacher's private question bank, tagged by board, topic,

difficulty, and command word.

CardStack™ — Spaced-repetition flashcard system with mastery tracking and student engagement analytics.

Syllabuilder™ — Upload a syllabus and the platform automatically generates a complete course: lessons, worksheets, flashcards, quizzes, and revision packs.

Kudos Engine™ — Gamification for teaching assistants. Earn points for resource creation, with configurable reward pools and leaderboards.

Pulse™ — Real-time class analytics. Visual mastery maps, weak-topic clusters, and predictive risk indicators.

LiveClass™ — A fully integrated virtual classroom with host controls, breakout rooms (assigned by mastery), shared whiteboard, polls, recordings with chapter markers, and automatic attendance.

ClassForge™ — Advanced automation for **LiveClass™**, including smart breakout allocation and post-session engagement heatmaps.

TutorCraft™ — A teacher co-pilot that drafts feedback, rubrics, and lesson plan suggestions — always under teacher review.

ContentCraft™ — An interactive lesson builder. Combine video, text, simulations, and quizzes, then publish directly to PlanGrid™.

LabBuilder™ — A drag-and-drop tool that lets teachers create custom physics, chemistry, or biology simulations without coding.

MarkerMind™ — Upload official examiner reports; the system extracts common mistakes and shares them with students during revision and after exams.

InsightStream™ — Predictive analytics that forecast student grades and flag at-risk learners.

InkSpace™ — A digital notebook for both teachers and students. Handwrite, draw diagrams, add tracing grids, and organise notes into beautiful, synced notebooks.

Student-Facing Modules

Study Stream™ — The student's personal learning dashboard.

The Mentor™ — An adaptive one-to-one tutor that remembers mistakes, adapts to learning style, and guides each student individually.

Revisit™ — Intelligent revision plans built from performance data and exam predictions.

Focus Coach™ — Daily goal setting and weak-topic tracking.

Echo™ — A persistent memory system that tracks academic and behavioural patterns, enabling true personalisation.

Ascend™ — An academic RPG: earn XP, complete quests, achieve subject ranks (Bronze to Apex), and join leaderboards.

Peak Rankings™ — Configurable leaderboards with privacy modes.

SimVerse™ — The unified simulation laboratory, including:

- **Geometrix™** (3D shapes, nets, bearings)
- **ForgeField™** (circuits, mechanics, waves, magnetism)
- **ReactSphere™** (chemistry reactions, gas tests, multisensory feedback)
- **BioSphere™** (cells, genetics, ecosystems)

PulseLab™ — Grades experiments and generates structured scientific conclusions.

SnapGrade™ — Grade handwritten work by snapping a photo.

ExamVault™ — Encrypted offline exam packages for areas with unstable internet.

FocusZone™ — A full-screen, distraction-free study mode.

TrialVault™ — Timed mock exams generated before official board papers, using predicted topics and authentic difficulty curves.

Parent&Communication

GuardianHub™ — A parent dashboard showing attendance, grades, reports, and schedules for multiple children.

GuardianLink™ — Direct messaging and meeting scheduling between parents and teachers, with optional translation.

Snapshot™ — Weekly progress reports delivered automatically.

Platform-Wide Systems

The Weave™ — A knowledge graph that connects every topic, question, simulation, and student performance data point, enabling smart recommendations across the platform.

Core Mind™ — The central intelligence engine that coordinates tutoring, grading, content generation, and analytics.

OmniBar™ — A universal command bar that understands natural language (e.g., “revise momentum”) and instantly brings up relevant lessons, simulations, and flashcards.

AutoPilot™ — Automation suite that generates lessons, exams, revision schedules, and flags at-risk students.

FindWise™ — Semantic search that understands meaning, not just keywords.

PaperVault™ — A public past paper library, accessible even without login.

SubPilot™ — Subscription and billing. **InstaPay** with manual approval for Egypt; **Stripe** for international payments.

FlexSeats™ — Pay-as-you-go student capacity. Teachers can add extra students beyond their plan limit with one click, paying a small per-student fee.

SmartCapacity™ — Predictive alerts that tell a teacher when they’ll need more seats.

RevenueHub™ — A teacher earnings dashboard, tracking EduMarket

sales and FlexSeat overages.

HelpDesk™ — Built-in priority support with a ticketing system, ensuring fast responses for paid tiers.

ShieldCore™ — Security and anti-cheat engine: behavioural proctoring, device fingerprinting, environment scanning, and offline exam integrity.

SpendWise™ — Optimises platform resource usage to keep costs low.

RapidEdge™ — Delivers instant loading through edge caching and streaming.

Teacher Isolation&Content Ownership

Aperti™ enforces strict data separation. Every teacher's students, courses, resources, and analytics are completely isolated. Teacher-created content is accessible only to that teacher's enrolled students. Platform-created global content (past papers, Aperti courses) is available to any subscriber. This model protects teacher intellectual property and ensures privacy at all times.

Subscription&Pricing

InstaPay (Egypt): Student submits payment with transaction code; status set to "Pending Review"; admin/finance approves within 24 hours; subscription activated.

Stripe (International): Instant activation.

Teacher plans (per student/month)

- Starter: 50 EGP
- Professional: 100 EGP
- Enterprise: 150 EGP
- Master: 200 EGP

FlexSeats™: Extra students on any plan at incremental per-student pricing (8 / 5 / 4 / 3 EGP respectively). Volume discounts apply automatically.

Student independent plans: Free, Essential (80 EGP), Plus (150 EGP), Pro

(220 EGP), Elite (300 EGP). *Aperti-certified courses available individually or included in top tiers.*

Founder

Youssef Tarek is a 15-year-old IG student at NQIS who designed and directed the development of **Aperti™**. Motivated by the fragmentation of educational tools and the heavy administrative burden on teachers, Youssef envisioned a unified operating system that restores teacher freedom and delivers truly personalised learning. His work continues to drive **Aperti™** forward as the most advanced educational platform in the world.

Aperti™ — Where every mind finds its rhythm.

Terms of Service

Last Updated: 18/5/2026

Welcome to **Aperti™** (“Aperti,” “we,” “us,” or “our”), an educational operating system operated by **Youssef Tarek**. These Terms of Service (“Terms”) govern your access to and use of our website at **aperti.ai**, all related services, applications, and tools (collectively, the “Platform”).

By creating an account or using the Platform, you agree to these Terms. If you do not agree, do not use the Platform.

1. Definitions

- **User:** Any individual who accesses or uses the Platform, including teachers, students, parents, assistants, and administrators.
- **Teacher:** A User who creates and manages courses, content, and students.

- **Student:** A User who enrolls in courses, accesses learning materials, and submits work.
 - **Parent:** A User who monitors the progress of linked Student(s).
 - **Content:** Any material uploaded, created, or shared through the Platform, including lessons, resources, questions, simulations, and messages.
-

2. Eligibility

You must be **at least 13 years old** to use the Platform. **If you are under 18**, you represent that **a parent or legal guardian** has reviewed and agreed to these Terms. **Certain features may require parental consent.**

3. Accounts and Responsibilities

- You are responsible for maintaining the confidentiality of your account credentials.
 - You agree to provide accurate, complete, and up-to-date information.
 - You are responsible for all activities that occur under your account.
 - Teachers are responsible for managing their students, assistants, and content within their isolated workspace.
 - We reserve the right to suspend or terminate accounts that violate these Terms.
-

4. User Roles and Permissions

Aperti™ offers role-based access:

- **Admin:** Full control over the Platform.
 - **Teacher:** Can create courses, manage students, assistants, attendance, assessments, and content.
 - **Teacher Assistant:** Limited permissions assigned by a Teacher.
 - **Student:** Can access courses, use learning tools, submit work, and view progress.
 - **Parent:** Can view linked children's progress, attendance, and reports.
-

5. Teacher Isolation and Content Ownership

Each Teacher's workspace is completely isolated. No Teacher can access another Teacher's students, courses, resources, or data.

Content Ownership:

- Teachers retain all rights to content they upload or create. Such content is only accessible to the Teacher and their enrolled Students (or assigned assistants).
 - **Aperti™** may provide a global library of platform-created content (e.g., past papers, Aperti courses). This content is available to Users according to their subscription plan.
 - You grant **Aperti™** a limited, non-exclusive license to store, display, and distribute your content solely as necessary to operate the Platform. We will never sell your content.
-

6. Subscriptions and Payments

- Subscription plans are offered on a per-student basis for Teachers, or as independent plans for Students.
 - Pricing is displayed on the Platform and is subject to change with notice.
 - **InstaPay (Egypt)**: Users initiate payment by entering a transaction code. The subscription remains "Pending Review" until verified and approved by our financial team (**typically within 24 hours**). Upon approval, access is granted.
 - **Stripe (International)**: Payments are processed instantly, and subscriptions activate automatically.
 - **FlexSeats™**: Teachers may exceed their plan's student limit by paying a per-student fee at the time of adding the student. No forced upgrade is required.
 - All fees are non-refundable except as required by law or explicitly stated in a plan.
-

7. Acceptable Use

You agree not to:

- Use the Platform for any illegal or unauthorized purpose.
- Upload content that infringes on intellectual property rights, is offensive, or violates any law.

- Attempt to gain unauthorized access to other users' data or workspaces.
 - Circumvent any security or anti-cheat measures (**ShieldCore™**).
 - Use the Platform to develop competing services.
 - Share or publish any content belonging to a Teacher without their explicit permission.
-

8. Intellectual Property

The Platform, its original code, design (**Liquid Flow™**), trademarks (including all module names such as **Core Hub™**, **PlanGrid™**, **LiveClass™**, etc.), and global library content are owned by **Aperti™** and are protected by intellectual property laws. You may not copy, modify, or distribute any part of the Platform without our written permission.

9. Privacy

Your privacy is important to us. Please review our Privacy Policy (below) to understand how we collect, use, and protect your data.

10. Third-Party Services

The Platform may integrate with third-party services (e.g., **Stripe**, **InstaPay**, **LiveKit**). We are not responsible for their practices. You should review their respective terms and policies.

11. Limitation of Liability

To the fullest extent permitted by law, **Aperti™** shall not be liable for any indirect, incidental, or consequential damages arising from your use of the Platform. Our total liability is limited to the amount you paid us in the 12 months preceding the claim.

We make no guarantees about uninterrupted or error-free service, though we strive for high availability.

12. Termination

You may delete your account at any time. We may suspend or terminate your account for breach of these Terms. Upon termination, your right to access the Platform ceases. We will retain your content for a reasonable period to allow export; after that, it may be deleted.

13. Changes to Terms

We may update these Terms from time to time. Material changes will be communicated via email or through the Platform. Continued use after changes take effect constitutes acceptance.

14. Governing Law

These Terms are governed by the laws of Egypt. Any disputes shall be resolved in the courts of Egypt.

15. Contact

If you have questions, contact us via our HelpDesk™ on the Platform or email: info@aperti.ai

Privacy Policy

Last Updated: 18/5/2026

Aperti™ (“we,” “us,” “our”) is committed to protecting your privacy. This Privacy Policy explains how we collect, use, store, and share information when you use our website (aperti.ai) and services (the “Platform”).

1. Information We Collect

a. Information you provide:

- **Account data:** name, email address, password, role, and profile details.
- **Educational data:** courses, assignments, submissions, grades, attendance records, messages, and content you create.
- **Payment information:** transaction codes (InstaPay) or card details (processed securely by Stripe; we do not store full card numbers).

b. Information collected automatically:

- **Usage data:** pages visited, features used, time spent, interactions with lessons and simulations.
- **Device data:** IP address, browser type, operating system, device identifiers.
- **Performance and engagement data:** learning pace, quiz results, mistake patterns (used to power **Echo™** and personalisation).

c. Information from third parties:

- If you log in via Google or another provider, we receive your basic profile information.
 - Payment confirmations from Stripe/InstaPay.
-

2. How We Use Information

We use collected data to:

- Provide and maintain the Platform.
 - Personalise learning experiences (e.g., **The Mentor™**, **Revisit™**, **Focus Coach™**).
 - Track attendance and generate reports (**CheckIn™**, **Pulse™**, **Snapshot™**).
 - Process payments and manage subscriptions (**SubPilot™**).
 - Enable communication between Users (**GuardianLink™**, **HelpDesk™**).
 - Improve our services, develop new features, and conduct analytics.
 - Ensure security, prevent fraud, and enforce our Terms (**ShieldCore™ anti-cheat**).
 - Send important notifications and, with your consent, promotional emails.
-

3. How We Share Information

- **Teachers and linked accounts:** Students' educational data is shared with the Teachers and Parents linked to that Student. Parents can view progress of their children only.
 - **Service providers:** We share data with trusted partners for payment processing (**Stripe**), hosting (**Spaceship**), video streaming (**LiveKit**), and email delivery. They are bound to data protection agreements.
 - **Legal requirements:** We may disclose information if required by law or to protect rights and safety.
 - **Business transfers:** In the event of a merger or acquisition, data may be transferred.
 - **With your consent:** We will not share your content or personal data beyond these scenarios without explicit permission.
-

4. Data Retention

We retain personal data for as long as your account is active or as necessary to provide the Platform. After account deletion, we may retain certain data for legitimate business or legal purposes (e.g., financial records, dispute resolution). Teacher-owned content is securely stored until the Teacher deletes it or terminates their account.

5. Data Security

We implement robust security measures (**ShieldCore™**) including encryption in transit and at rest, access controls, and regular audits. However, no method is 100% secure. We encourage Users to use strong passwords and protect their credentials.

6. Your Rights

Depending on your location, you may have rights to:

- Access and obtain a copy of your data.
- Rectify inaccurate data.
- Delete your account and personal data.
- Restrict or object to processing.
- Data portability.

To exercise these rights, contact us at privacy@aperti.ai.
We will respond within a reasonable timeframe. Parents may manage consent for their children's data.

7. Children's Privacy

Aperti™ is designed for students aged **13 and older**. If we learn we have collected data from a child under 13 without verifiable parental consent, we will delete it. Parents can contact us to review or delete their child's information.

8. International Transfers

Your data may be processed in **Egypt or other countries** where our servers (**Spaceship**) are located. We ensure adequate safeguards are in place for any cross-border data transfers in compliance with applicable laws.

9. Cookies and Tracking

We use essential cookies to maintain sessions and security. With consent, we may use analytics cookies to understand platform usage. You can manage cookie preferences in your browser. We do not use advertising cookies.

10. Changes to This Policy

We will notify Users of significant changes via email or in-app notice. Continued use after updates means you accept the revised policy.

11. Contact Us

For privacy concerns, contact our Data Protection Team:

- Email: privacy@aperti.ai
- **HelpDesk™** on the Platform
